

BEFORE THE STATE CORPORATION COMMISSION
OF THE STATE OF KANSAS

In the Matter of Atmos Energy Corporation Filing)
Compliance Reports and Information as Prescribed)
by Commission Order Dated December 3, 2010, in) Docket No. 11-ATMG-799-CPL
Docket No. 06-GIMX-181-GIV)

COMPLIANCE FILING OF
ATMOS ENERGY CORPORATION

COMES NOW Atmos Energy Corporation ("Atmos") and pursuant to the requirements of the Commission's Order issued in Docket No. 06-GIMX-181-GIV ("181 Docket") on December 3, 2010, Atmos is providing the following information in compliance with the Commission's Order:

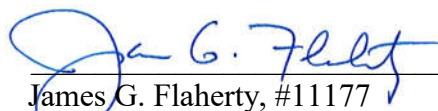

1. Cost Allocation Manual dated April 1, 2021 (requirement A1), Exhibit 1;
2. A complete, detailed organizational chart identifying each regulated utility and each associate company (requirement B1), Exhibit 2;
3. A detailed description of the activities and business conducted at each non-utility associated company (requirement B2), Exhibit 3;
4. An organizational chart of personnel that includes a list of all directors, corporate officers, and other key personnel shared by any jurisdictional public utility and any non-utility associate company or holding company, if any, along with a description of each person's duties and responsibilities to each entity (requirement B3), Exhibit 4;
5. Summaries of each mortgage, loan document and debt agreement including a discussion of the type of collateral or security pledged to support the debt. The utility will also describe any loan or debt agreement taken out to finance an unregulated affiliate that encumbers utility property or cash-flow for security (requirement B4), Exhibit 5;
6. To the extent financial separations are maintained for either legal or financial accounting purposes and at a level in which financial statements are reasonably capable of being

produced by the utility's accounting system, each jurisdictional public utility shall file income statements, balance sheets and cash flow statements for (1) consolidated utility operations; (2) consolidated non-regulated operations; and (3) consolidated corporate financials (requirement B5), Exhibit 6;

7. To the extent financial separations are maintained for either legal or financial accounting purposes and at a level in which financial statements are reasonably capable of being produced by the utility's accounting system, each jurisdictional public utility shall file a summary of financial ratios as of the end of the last completed fiscal year, as described by way of example in the attachment to these rules and consistent with the method used to report such information to the principal bond rating agency or Standard & Poors for (1) consolidated utility operations; (2) consolidated non-regulated operations; and (3) consolidated corporate financials (requirement B6), Exhibit 7; and

8. Copyright protected analyst reports and rating agency reports (requirement C3), Exhibit 8, are being provided separately to the Commission Staff as part of this Compliance Filing. Because these reports are copyright protected, Atmos requests the reports not be included on the Commission's docket webpage.

WHEREFORE, Atmos requests the information provided be accepted by the Commission in compliance with the reporting requirements in the 181 Docket.

1. Introduction:

a. Corporate Structure

Atmos Energy Corporation (Atmos or the Company) operates its Regulated Operations through seven operating divisions in 8 states. The seven operating divisions and their service areas are:

Division	Service Area
Atmos Energy Colorado-Kansas Division	Colorado, Kansas
Atmos Energy Kentucky/Mid-States Division	Kentucky, Tennessee, Virginia
Atmos Energy Louisiana Division	Louisiana
Atmos Energy Mid-Tex Division	Texas, including the Dallas/Fort Worth metropolitan area
Atmos Energy Mississippi Division	Mississippi
Atmos Energy West Texas Division	West Texas
Atmos Pipeline – Texas Division	Intrastate pipeline business in Texas

These operating divisions are not subsidiaries or separate legal entities. Therefore, by definition, they cannot be considered affiliates of Atmos.

Technical and support services are provided to the operating divisions by centralized shared services departments primarily located at the Atmos headquarters in Dallas. These centralized functions currently include, but are not limited to, accounting, gas supply, human resources, information technology, legal, rates and customer support. The costs for these shared services are allocated to the operating divisions. In addition, for operating divisions that operate in more than one rate jurisdiction, costs from an operating division's general office are allocated to separate rate divisions within the operating division.

Atmos Energy Holdings, Inc. is a wholly owned subsidiary of Atmos. Atmos Energy Holdings and its various wholly owned subsidiaries are separate legal entities and are considered affiliates of Atmos.

The Company's current legal entity organization chart is contained in Appendix A.

Note that the descriptions contained herein do not address tariffed services.

b. Accounting:

Atmos' account coding structure enables it to capture the costs for allocable activities. Expenses, assets, and liabilities for Atmos' shared services and other operating division general office divisions are coded to applicable location codes and cost centers as necessary, and are then allocated to the appropriate rate divisions based upon the methodologies described herein. Allocations recorded in the books and records of the Company are primarily for management control purposes and may not reflect the allocation methodology used for rate making purposes.

Atmos' account coding structure is as follows:

XXX. XXXX. XXXX. XXXXX. XXXXXX. XXXX

Company	Cost Center	FERC Account	Sub-Account	Service Area	Future Use
3 digit	4 digit	4 digits	5 digits	6 digits	4 digits

Within the above coding structure, "Company" and "Cost Center" are primarily utilized for internal management responsibility reporting purposes for Atmos' operating divisions. The terms "Company" and "Cost Center" are defined in the glossary beginning below. Utilization of the "Company" or "Cost Center" fields is not suitable for meaningful financial or regulatory reporting purposes.

The FERC account field contains the three-digit FERC USOA account plus one extension digit which in some cases is utilized by the FERC USOA.

The first three digits of the Service Area field are the primary coding utilized for cost allocations within Atmos and is generally referred to as "rate division number". This portion of the field denotes Atmos' various rate divisions as well as the Company's various shared services and operating division general office divisions. These codes are the primary source of information for regulatory reporting and rate activity. The remaining three digits represent "town" location which is utilized only for some accounts. Atmos Pipeline-Texas uses the final three digits of the service area to represent the actual storage or compressor facility; however, this is used for O&M expenses only.

c. Glossary of Terms:

The following terms are defined for purposes of this document only:

Affiliate - One or more of Atmos' subsidiaries.

Below the Line - Amounts which are generally not included in an analysis of costs from which gas service rates are derived.

Company - In general terms, it refers to Atmos Energy Corporation. Within the context of the account coding string, this term represents an operating division, wholly-owned subsidiary or other legal entity controlled by Atmos.

Composite Factor - The Company's general allocation factor which is derived for each applicable area based upon the simple average of gross plant in service, average number of customers and direct operation and maintenance expenses for each applicable area.

Corporate Headquarters - The headquarters of Atmos Energy Corporation located in Dallas, Texas.

Cost Centers - Account coding which denotes an area of cost responsibility. This coding is used primarily for management purposes.

Customer Factor - The Company's general allocation factor which is derived based on the average number of customers of the Operating Divisions that receive allocable costs for the services provided.

Direct Charges - Those charges which may originate in a shared services department or operating division general office division or a rate division which are booked directly to the applicable rate division.

FERC USOA - The Uniform System of Accounts as prescribed by the Federal Energy Regulatory Commission.

Municipal Jurisdiction - For Atmos' utility operations in Texas, each municipality which it serves has original jurisdiction over rates.

Operating Division - An unincorporated division of Atmos Energy Corporation that contains at least one rate division that is responsible for the management of the Company's Regulated Operations. Operating divisions are not subsidiaries or separate legal entities. As such, they do not have separate equity or debt structures. Additionally, the divisions do not keep separate books and records.

Operating divisions with multiple rate divisions have one operating division general office rate division in addition to rate divisions corresponding to regulatory jurisdictional areas.

Operating Division General Office - Administrative offices that are located outside of shared service offices which serve as the base of operations and central office for each "operating division."

Rate Division – Often referred to as an operating rate division, it denotes Atmos' regulatory jurisdictions that are defined by state and geographic boundaries. The term also denotes Atmos' various shared services and operating division general office divisions. These divisions are the primary source for regulatory reporting and rate activity for an area in which rates have been set by a regulatory authority such as the Colorado Public Utilities Commission. Rate divisions are identifiable in the Company's account coding string. As such, costs are accumulated within the general ledger and represent the sum of direct costs plus costs allocated to the rate division.

Regulated Operations – Represents the Company's six regulated natural gas distribution operating divisions operating in 8 states and the Company's regulated intrastate pipeline operations in the State of Texas.

Service Area - The portion of the Company's account coding structure of which the first three digits denote rate division. The last three digits of this code denote "town" which is used only in certain instances. Atmos Pipeline-Texas uses the final three digits of the service area to represent the actual storage or compressor facility; however, this is used for O&M expenses only.

Shared Services - The Company's functions that serve multiple rate divisions. These services include departments such as legal, billing, call center, accounting, information technology, human resources, gas supply, rates administration among others. Shared Services is comprised of Shared Services – General Office and Shared Services – Customer Support

Shared Services – Customer Support – Shared Services functions that include billing, customer call center functions and customer support related services.

Shared Services – General Office – Shared Services functions that include all other functions not encompassed by Shared Services – Customer Support.

The following are divisions of Atmos Energy Corporation:

Atmos Energy Colorado-Kansas Division is a regulated operating division that serves approximately 170 communities throughout Colorado and Kansas, including the cities of Olathe, Kansas, a suburb of Kansas City and Greeley, Colorado, located near Denver.

Atmos Energy Kentucky/Mid-States Division is a regulated operating division that operates Kentucky, Tennessee and Virginia. The service areas in these states are primarily rural; however, this division serves Franklin, Tennessee, and other suburban areas of Nashville.

Atmos Energy Louisiana Division is a regulated operating division that serves nearly 300 communities, including the suburban areas of New Orleans, the metropolitan area of Monroe and western Louisiana. Direct sales of natural gas to industrial customers in Louisiana, who use gas for fuel or in manufacturing processes, and sales of natural gas for vehicle fuel are exempt from regulation and are recognized in our Atmos Energy Louisiana Industrial Gas segment.

Atmos Energy Mid-Tex Division is a regulated operating division that serves approximately 550 incorporated and unincorporated communities in the north-central, eastern and western parts of Texas, including the Dallas/Fort Worth Metroplex. The governing body of each municipality we serve has original jurisdiction over all gas distribution rates, operations and services within its city limits, except with respect to sales of natural gas for vehicle fuel and agricultural use. The Railroad Commission of Texas (RRC) has exclusive appellate jurisdiction over all rate and regulatory orders and ordinances of the municipalities and exclusive original jurisdiction over rates and services to customers not located within the limits of a municipality.

Atmos Energy Mississippi Division is a regulated operating division that serves about 110 communities throughout the northern half of the state, including the Jackson metropolitan area.

Atmos Energy West Texas Division is a regulated operating division that serves approximately 80 communities in West Texas, including the Amarillo, Lubbock and Midland areas. Like our Mid-Tex Division, each municipality we serve has original jurisdiction over all gas distribution rates, operations and services within its city limits, with the RRC having exclusive appellate jurisdiction over the municipalities and exclusive original jurisdiction over rates and services provided to customers not located within the limits of a municipality.

Atmos Pipeline – Texas Division is one of the largest intrastate pipeline operations in Texas with a heavy concentration in the established natural gas producing areas of central, northern and eastern Texas, extending into or near the major producing areas of the Barnett Shale, the Texas Gulf Coast and the Delaware and Val Verde Basins of West Texas. APT provides transportation and storage services to our Mid-Tex Division, other third party local distribution companies, industrial and electric generation

customers, as well as marketers and producers. As part of its pipeline operations, APT manages five underground storage reservoirs in Texas.

The following are affiliates of Atmos Energy Corporation:

Blueflame Insurance Services, LTD is a wholly-owned subsidiary of Atmos Energy Corporation that was created to provide cost-effective property insurance coverage for Atmos Energy and its subsidiaries. It was chartered in Bermuda effective December 16, 2003, and became operational as of January 1, 2004. It is incorporated under Bermuda's insurance law and regulations and is fully capitalized under the requirements of applicable Bermuda law.

Atmos Energy Services, LLC was established on April 1, 2004 to provide natural gas management services to Atmos Energy's natural gas distribution operations, other than the Mid-Tex Division. These services include aggregating and purchasing gas supply, arranging transportation and storage logistics and ultimately delivering the gas to Atmos Energy's natural gas distribution service areas at competitive prices. AES provided these services through December 31, 2006. Effective January 1, 2007, the gas supply department within shared services began providing these services. However, AES continues to provide limited services to the natural gas distribution operations of Atmos Energy.

Phoenix Gas Gathering Company is a wholly owned subsidiary of Atmos Gathering Company, LLC, and was created to develop, own and operate a non-regulated natural gas gathering system located in Kentucky.

Atmos Gathering Company, LLC is a wholly owned subsidiary of Atmos Pipeline and Storage, LLC and was created to conduct our non-regulated natural gas gathering operations.

Atmos Energy Holdings, Inc. is the parent company of Atmos Energy Corporation's non-utility operations.

Atmos Energy Louisiana Industrial Gas, LLC serves industrial customers in Louisiana who use gas for fuel, manufacturing and other processes.

Atmos Exploration and Production, Inc. holds some insignificant Kentucky production interests which the Company succeeded to when it acquired Western Kentucky Gas Company in 1989. This subsidiary is functionally inactive as the Company does not actively engage in the exploration and production business.

Atmos Pipeline and Storage, LLC owns or has an interest in underground storage fields in Kentucky and Louisiana. The utility divisions of Atmos Energy also use these storage facilities to reduce the need to contract for additional pipeline capacity to meet customer demand during peak periods.

Atmos Power Systems, Inc. constructs gas-fired electric peaking power generating plant and associated facilities and may enter into agreements to either lease or sell these plants. Since 2001, 2 sales-type lease transactions have been executed.

Egasco, LLC was, several years ago, engaged in the marketing and sale of natural gas to large-volume commercial and agricultural customers in West Texas. Egasco no longer serves any customers.

Fort Necessity Gas Storage, LLC is a wholly owned subsidiary of Atmos Pipeline and Storage, LLC, and was created in 2009 to construct and operate a non-regulated salt-cavern gas storage project in Louisiana. In March 2011, we recorded a \$19.3 million charge to substantially write off our investment in Fort Necessity.

Trans Louisiana Gas Storage, Inc. owns a minority interest in a salt dome storage facility in Louisiana. This facility is used to serve utility and non-utility customers.

Trans Louisiana Gas Pipeline, Inc. owns and operates an intrastate pipeline system in Louisiana. This facility is used to serve utility and non-utility customers.

UCG Storage, Inc. owns certain storage field interests in Kentucky which are used to serve utility customers.

WKG Storage, Inc. owns certain storage field interests in Kentucky which are used to serve utility customers.

Service: Capitalized overhead (general)

Description: Overhead related to capital expenditures

Current Provider of Service Shared Services
Atmos Pipeline – Texas Division
Louisiana Division operating division general office
Kentucky/Mid-States Division operating division general office
Colorado-Kansas Division operating division general office
Mid-Tex Division
Mississippi Division
West Texas Division operating division general office

Current Use of Service Rate divisions

Basis for allocation Capitalized overhead costs are accumulated by operating division (and state level for multiple state divisions). Each operating division (and state) sets an application rate at the beginning of the year based on projected expenditures. As expenditures for CWIP and RWIP are recorded overhead is applied at the application rate. Periodically, the application rate is reviewed. Shared services overhead is allocated to operating divisions based on operating division capital expenditures. At the end of each quarter, the amount that has accumulated in the OH project is cleared to all eligible projects that incurred charges during that quarter, on a pro rata basis

** Many rate division offices exist within Mid-States in addition to Div 009.

Flow of Activity

- (1) Purchase Office Supplies
- (2) Capitalize Overhead is calculated based on cost center capitalization percentage
- (3) Allocating Shared Services Expenses to General Offices - 60% Allocation rate for illustration purposes only
 - (3a) Allocation to remaining general offices
 - (3b) Allocate capitalization credits to business units
- (4) Allocating Shared Services Expenses to Rate Division Office - 25% Allocation rate for illustration purposes only
 - (4a) Allocation to remaining division offices
- (5) Allocating Shared Services Capitalization Credit to Rate Division Office - 50% Allocation rate for illustration purposes only

Note: Please see the allocation of expenses from General Office to State Regional Office to Rate Division on the following pages:
West Texas - 17, Colorado/Kansas - 19, Louisiana - 23

Service: Stores overhead

Description: Overhead related to inventory warehousing is allocated to materials as issued.

Current Provider of Service: Shared Services
Operating division general office

Current Use of Service: Atmos Pipeline – Texas Division
West Texas Division rate divisions
Louisiana Division rate divisions
Kentucky/Mid-States Division rate divisions
Mid-Tex Division rate division
Colorado-Kansas Division rate divisions
Mississippi Division rate division

Basis for allocation: Overhead costs associated with inventory items, including rent, labor and supervision are accumulated by operating division. Each operating division sets an application rate at the beginning of the year based on projected overhead and materials activity. As materials are issued from the warehouse, the overhead assigned is also allocated to the same account. Periodically, the balance in the undistributed stores overhead account is compared to the materials on hand balance and a new rate is determined. Shared Services stores overhead is allocated monthly to the operating divisions based on number of meters.

** Many rate division offices exist in addition to Div 009.

Flow of Activity

- (1) Taxes Other than Income Taxes incurred
- (2) Allocating Shared Services Expenses to General Offices - 40% to Mid States BU - for illustration purposes
- (2a) Allocating to remaining division offices
- (3) Allocating Shared Services Expenses to Rate Division Office - 25% for Kentucky Rate Division Office - for illustration purposes only
- (3a) Allocating Shared Services Expenses to remaining Rate Division Offices

Note: Please see the allocation of expenses from General Office to State Regional Office to Rate Division on the following pages:
West Texas - 17, Colorado/Kansas - 19, Louisiana - 23

Service:	SSU – General Office taxes other than income taxes
Description:	Includes all taxes other than income tax charged in Shared Services – General Office.
Current Provider Of Services	Shared Services
Current Use of Service	Atmos Energy Louisiana Industrial Gas, LLC Atmos Power Systems, Inc. WKG Storage, Inc. Trans Louisiana Gas Pipeline, Inc. West Texas Division Mid-Tex Division Atmos Pipeline – Texas Division Louisiana Division Kentucky/Mid-States Division Colorado-Kansas Division Mississippi Division UCG Storage, Inc. Atmos Energy Holdings, Inc.
Basis for allocation	<p>Costs are allocated to the applicable operating divisions in total based on the Composite Factor. The Composite Factor is the simple average of three percentages:</p> <p>The percentage of Gross Direct Property Plant and Equipment in each operating division unit as a percentage of the total Direct Property Plant and Equipment in all of the operating divisions.</p> <p>The number of customers in each operating division as a percentage of the total number of customers in all of the operating divisions.</p> <p>The total direct O&M expense in each operating division as a percentage of the total direct O&M expense in all operating divisions.</p> <p>If needed, allocation from operating division general offices to rate division uses the composite rate.</p>

See page 13 for General Ledger Entry – Example Only.

Service: **SSU – Customer Support depreciation**

Description: Includes all depreciation charged in Shared Services – Customer Support.

**Current Provider
Of Services** Shared Services

**Current Use of
Service** West Texas Rate Divisions
Louisiana Rate Divisions
Kentucky/Mid-States Rate Divisions
Mid-Tex Division
Colorado-Kansas Rate Divisions
Mississippi Division

Basis for allocation Costs are generally allocated to the applicable rate division level in total based on the average number of customers in each operating division as a percentage of the total number of customers in all of the operating divisions.
If needed, number of customers in the rate divisions is used to allocate from the operating division general office to the rate divisions.
Depreciation associated with the Charles K. Vaughan Center is allocated based upon square footage, number of customers and employee training usage.

Description of Relationship between Mid-Tex and Atmos Pipeline – Texas:

Mid-Tex performs operations and maintenance and capital services for the Atmos Pipeline – Texas (“APT”) Division.

Services are provided on an ongoing basis throughout the Mid-Tex and APT service areas. The field operations include, but are not limited to, services related to pipeline integrity, measurement, compliance work, painting, right of way mowing and reclamation, leak surveys, patrolling, regulator maintenance, fence replacements, line repairs and line replacements. Additionally, Technical and Support Services are provided to APT by centralized departments primarily located at the Mid-Tex headquarters in Dallas. These centralized functions include, but are not limited to, compliance monitoring and reporting, gas measurement, finance and human resources.

APT employs outside contractor labor services and purchases materials and supplies for field operations and construction in addition to the services provided by Mid-Tex. These services and materials are direct charged to APT and are not allocated from Mid-Tex.

APT employs some pipeline only personnel. This labor and the related benefit cost is primarily charged directly to APT and not allocated from Mid-Tex.

Service:	Mid-Tex/Atmos Pipeline – Texas Division - Intracompany Labor
Description:	Mid-Tex employees’ labor supporting APT operations
Current Provider Of Service	Mid-Tex
Current Use of Service	Atmos Pipeline – Texas
Basis for allocation	<p>The Operational Split is calculated each fiscal year based upon budgeted non-supervisory employee labor and contract labor for the Mid-Tex and APT divisions.</p> <p>Mid-Tex supervisory and support employees (finance, human resources, etc) who charge time to APT generally use the operational split.</p> <p>Mid-Tex non-supervisory employees who charge time to APT generally record their time through the time reporting system.</p>

Flow of Activity:

(1) Pay Mid-Tex employee labor

(2) Direct charge labor to Mid-Tex and APT – for illustration purposes, this employee's time for this payroll cycle was 50% Mid-Tex and 50% APT. The APT portion was 25% capital and 75% expense.

Service:	Mid-Tex/Atmos Pipeline – Texas Division - Non Labor Expenses
Description:	Allocation includes but is not limited to rents, heavy equipment, utilities, telecom, transportation (vehicles), uniforms, insurance, printing and postage.
Current Provider Of Service	Mid-Tex
Current Use of Service	Atmos Pipeline – Texas Division
Basis for allocation	Factors are primarily based on direct employee labor and contractor labor. The vehicle allocation is based on Company labor only. Allocations vary based on the cost center and sub account.

General Ledger Entries: Transportation Expense (Example Only)

<div> <div>SSU – Div 002</div> <div>Cash</div> <div>Acct. 131</div> <div> <div></div> <div>\$1,000</div> <div>(1)</div> </div> </div>	<div> <div>SSU – Div 002</div> <div>Accounts Payable</div> <div>Acct. 232</div> <div> <div>(1)</div> <div>\$1,000</div> <div>\$1,000</div> <div>(1)</div> </div> </div>	<div> <div>Mid Tex BU 080</div> <div>O&M Transportation</div> <div>Acct. 853</div> <div>Cost Center 4XXX</div> <div> <div>(1)</div> <div>\$1,000</div> <div>\$780</div> <div>(2)</div> </div> </div>
<div> <div>APT BU 180</div> <div>CWIP</div> <div>Acct. 107</div> <div>Cost Center 9XXX</div> <div> <div>(3)</div> <div>\$220</div> <div></div> </div> </div>	<div> <div>APT BU 180</div> <div>O&M Transportation</div> <div>Acct. 853</div> <div>Cost Center 4XXX</div> <div> <div>(2)</div> <div>\$780</div> <div>\$220</div> <div>(3)</div> </div> </div>	

Flow of Activity

- ✓ (1) \$1000 in transportation expense
- ✓ (2) \$780 is allocated from Mid-Tex O&M to APT O&M
- ✓ (3) A portion of the cost is capitalized, for illustration purposes only (22%)

Service: Intercompany labor

Description: To the extent operating division employees provide labor services to an affiliate, the labor costs for the services will be charged to the appropriate affiliate.

Current Provider of Service Louisiana Division
Colorado-Kansas Division
Kentucky/Mid-States Division
Mississippi Division
West Texas Division

Current Use of Service UCG Storage, Inc.
Atmos Energy Louisiana Industrial Gas, LLC
WKG Storage, Inc.
Trans Louisiana Gas Pipeline, Inc.
Trans Louisiana Gas Storage, Inc.

Basis for allocation Labor charges are captured through direct time sheet entries and transferred to the appropriate subsidiary receiving the labor services.

General Ledger Entries: Example Only

<div>SSU BU 010</div> <div>Cash</div> <div>Acct. 131</div> <div>\$500 (2a)</div>	<div>SSU BU 010</div> <div>A/R from Assoc Co.</div> <div>Acct. 146</div> <div>\$500 (2b)</div>	<div>SSU BU 010</div> <div>Accounts Payable</div> <div>Acct. 232</div> <div>\$500 (2a) \$500 (2b)</div>

Flow of Activity

- (1) Employee X is a Kentucky Employee. He worked on a special project in March for Atmos subsidiary, AES (Atmos Energy Services). Time is captured through a direct time sheet entry.
- (2a) Salary is paid to employee x
- (2b) JE is made to relieve payable in operating division.
Intercompany Entry generated by Oracle to keep Operating Divisions in sync.

Service: Adjustments to Uncollectible Accounts Expense

Description: Allocation of additional expense amounts booked to adjust the Provision for Uncollectibles (Account 144)

Current Provider of Service West Texas Division rate divisions
Louisiana Division rate divisions
Kentucky/Mid-States Division rate divisions
Colorado-Kansas Division rate divisions
Mid-Tex Division rate division
Mississippi Division rate division

Current Use of Service West Texas Division rate divisions
Louisiana Division rate divisions
Kentucky/Mid-States Division rate divisions
Colorado-Kansas Division rate divisions
Mid-Tex Division rate division
Mississippi Division rate division

Basis of Intra-company Allocations Costs are allocated to the rate divisions in total based on Sales Revenue or Margin.

General Ledger Entries: Example Only

Rate Division *		Rate Division		Rate Division	
Accumulated Provision for Uncollectible Accounts		Customer Accounts - Uncollectible Accounts		Customer Accounts Receivable	
Acct. 144 sub xxxxx		Acct. 904		Acct. 142 sub xxxxx	
(2)	\$ 250	(1)	\$ 1,000		\$ 250 (2)

* Each rate division has a different allocation rate.

Flow of Activity

(1) Monthly allocated costs.

(2) Write off of uncollectible accounts as needed.

Service: Intra-company labor allocation – other than operating division general office labor

Description: Certain employee activities cross multiple rate divisions within an operating division. The costs associated with such activities include labor, benefits and associated taxes.

Current Provider of Service Atmos Pipeline – Texas Division
West Texas Division
Louisiana Division
Kentucky/Mid-States Division
Mid-Tex Division
Colorado-Kansas Division
Mississippi Division

Current Use of Service Atmos Pipeline – Texas Division
West Texas Division
Louisiana Division
Kentucky/Mid-States Division
Mid-Tex Division
Colorado-Kansas Division
Mississippi Division

Basis of Intra-company Allocations Labor associated with cross-jurisdictional activities is charged to each jurisdiction based on the level of employee activity. The costs are captured either through direct time sheet entries or fixed labor distribution percentages.

General Ledger Entries: Example Only

<div>SSU BU 010</div> <div>Cash</div> <div>Acct. 131</div> <div>\$500 (2a)</div>	<div>SSU BU 010</div> <div>A/R from Assoc Co.</div> <div>Acct. 146</div> <div>\$500 (2b)</div>	<div>SSU BU 010</div> <div>Accounts Payable</div> <div>Acct. 232</div> <div>\$500 (2a) \$500 (2b)</div>	
<div>Kentucky Division</div> <div>Mid-States BU 050-Div 009</div> <div>Mains & Services Exp</div> <div>Acct. 8740</div> <div>✓ (1) \$250</div>	<div>Tennessee Division</div> <div>Mid-States BU 050-Div 093</div> <div>Mains & Services Exp</div> <div>Acct. 8740</div> <div>✓ (1) \$250</div>	<div>Mid-States BU 050-Div 002</div> <div>A/R from Assoc Co.</div> <div>Acct. 146</div> <div>\$500 (2b)</div>	<div>Mid-States BU 050-Div 091</div> <div>Accounts Payable</div> <div>Acct. 232</div> <div>\$500 (2b) \$500 ✓ (1)</div>

Flow of Activity

- ✓ (1) Employee x lives in Kentucky and works 50% in Kentucky and 50% in Tennessee every month.
Time is captured through fixed labor distribution
- (2a) Salary is paid to employee x
- (2b) JE is made to relieve payable in operating division.
Intercompany Entry generated by Oracle to keep Operating Divisions in sync

Service:	Other income and interest expense (All below the line accounts)
Description:	Allocation of Shared Services' other income and interest expense (All below the line accounts)
Current Provider of Service	Shared Services
Current Use of Service	West Texas Division Louisiana Division Kentucky/Mid-States Division Mid-Tex Division Colorado-Kansas Division Mississippi Division Atmos Pipeline – Texas Division
Basis for allocation	Interest Expense, Interest Income and Other Non-Operating Income in shared services are allocated to each utility division based on the budget allocation percentages. The budget allocation is based on projected average net investment by rate division for the budget year. For this purpose, 'net investment' is defined as regulatory rate base + goodwill. These allocation factors are the same throughout the fiscal year. The allocation stays in the account the charge was originally booked in. Headquarter allocation of below the line accounts to rate divisions follows the same process as described above.

See page 33 for General Ledger Entries: Example Only.

* Includes various accounts but cleared out of account 426.5

Flow of Activity

- (1) Interest and Dividend Income generated
- (2) Allocating Shared Services Income and Dividend Income to Div 33 only - Assume 2% allocation rate
- (3) Other Income and Expenses generated
- (4) Allocating Shared Services Other Deductions to Div 33 only - Assume 2% allocation rate
- (5) Interest Expense generated
- (6) Allocating Shared Services Interest Expense to Div 33 only - Assume 2% allocation rate

Service: Gas cost between state jurisdictions for contiguous systems

Description: Gas costs that apply to contiguous systems that cross state jurisdictional boundaries are allocated between those rate jurisdictions.

Current Provider of Service West Texas Division
Colorado-Kansas Division
Kentucky/Mid-States Division

Current Use of Service West Texas Division
Colorado-Kansas Division
Kentucky/Mid-States Division

Basis of Allocations Allocations are based upon throughput for the West Texas Division and the Colorado-Kansas Division's Southeast Colorado/Southwest Kansas operations. For the Colorado-Kansas Division's Kansas system and for the Kentucky/Mid-States Division, demand costs are allocated based on peak-day requirements. Commodity costs are allocated based upon throughput.

Atmos Energy Corporation

Service: Gas storage services between an operating division and an affiliate

Description: To the extent an operating division stores gas in a storage field owned by an affiliate, a rental fee for the use of the storage field shall be charged by the affiliate.

Current Provider of Service UCG Storage, Inc.
WKG Storage, Inc.

Current Use of Service Kentucky/Mid-States Division

Basis for allocation The annual demand charge between UCG Storage, Inc. and Atmos Energy Corporation (Tennessee operations only) is calculated based on fiscal year plant in service, gas inventory, actual operational costs incurred, and application of revenue and cost of capital conversion factors based on prior regulatory approval. In the calculation of the demand charge, costs not specifically related to a designated area are allocated to each affiliate based on the percentage of total plant servicing that affiliate.
The annual demand charge between WKG Storage, Inc. and Atmos Energy Corporation (Kentucky operation only) is based on services provided at actual cost, market rate or as otherwise provided under tariff or contract.

General Ledger Entries: Example Only

- 2 Intercompany Entry generated by Oracle to keep Operating Divisions in sync

Service: Working capital funds management (Intercompany account)

Description: Funds are invested on behalf of or provided to affiliates based on operations.

Current Provider of Service:	Atmos Energy Corporation	Atmos Energy Holdings, Inc.
Current Use of Service:	Atmos Energy Holdings, Inc.	Atmos Energy Corporation
Interest Income/Expense Calculation (See Below)	A	B

Basis for allocation Interest income or expense is recognized each month at the subsidiaries' level based on the total average outstanding balance of all intercompany receivable/payable balances using the following rates:

A (AEH is the borrower)

Expense – One month LIBOR (last day of the month) plus 300 basis points

Income – One month LIBOR (last day of the month)

B (AEC is the borrower)

Expense – The lowest outstanding CP rate or the Eurodollar rate under the AEC Credit Facility (Credit Ag), which is LIBOR plus 100

Income – One month LIBOR (last day of the month)

Atmos Energy Corporation

Appendix A

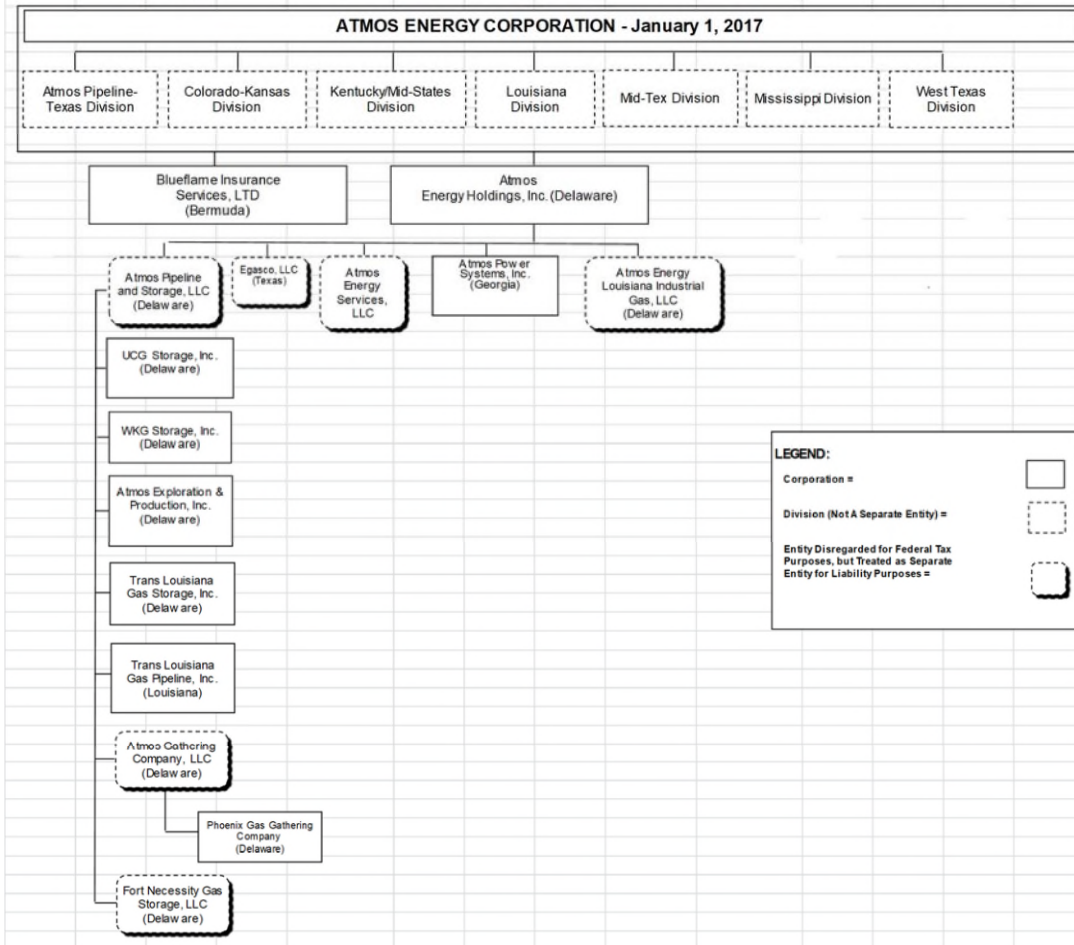

Exhibit 2

B1

A complete, detailed organizational chart identifying each regulated utility and each associate company.

Please see pdf page 41 of the Cost Allocation Manual (CAM).

Exhibit 3

B2

A detailed description of the activities and business conducted at each non-utility associate company.

Please see pdf pages 6 -8 of the Cost Allocation Manual (CAM).

Exhibit 4

B3

An organizational chart of personnel that includes a list of all directors, corporate officers, and other key personnel shared by any jurisdictional public utility and any non-utility associate company or holding company, if any, along with a description of each person's duties and responsibilities to each entity.

Please see pages 96 and 104 of the Atmos Energy Corporation 2020 Annual Report for a listing of our Senior Management Officers and Board Members. The Summary Annual Report can be found at <https://www.atmosenergy.com/company/publications-and-filings>.

Exhibit 5

B4

Summaries of each mortgage, loan document and debt agreement including a discussion of the type of collateral or security pledged to support the debt. The utility will also describe any loan or debt agreement taken out to finance an unregulated affiliate that encumbers utility property or cash-flow for security.

Our debt agreements are explained in Footnote 7 Debt on pages 57-58 of our Fiscal 2020 10-K filing. The 10-K can be found at <https://www.atmosenergy.com/company/form-10-k>.

Exhibit 6

B5

To the extent financial separations are maintained for either legal or financial accounting purposes and at a level in which financial statements are reasonably capable of being produced by the utility's accounting system, each jurisdictional public utility shall file income statements, balance sheets and cash flow statements for (1) consolidated utility operations; (2) consolidated non-regulated operations; and (3) consolidated corporate financials.

(1) and (2) Income statements and selected balance sheet data for our Distribution and Pipeline and Storage segments can be found in Footnote 3 Segment Information on pages 50-52 of our Fiscal 2020 10-K filing. The 10-K can be found at <https://www.atmosenergy.com/company/form-10-k>. The cash flow statement is prepared on a consolidated basis only.

(3) A consolidated corporate balance sheet can be found on page 39 of our 2020 10-K; a consolidated corporate income statement can be found on page 40 of our 2020 10-K; and a copy of our consolidated corporate cash flow statement can be found on page 42 of our 2020 10-K. As noted above, the 2020 10-K can be found at <https://www.atmosenergy.com/company/form-10-k>.

Exhibit 7

B6

To the extent financial separations are maintained for either legal or financial accounting purposes and at a level in which financial statements are reasonably capable of being produced by the utility's accounting system, each jurisdictional public utility shall file a summary of financial ratios as of the end of the last completed fiscal year, as described by way of example in the attachment to these rules and consistent with the method used to report such information to the principal bond rating agency or Standard & Poors for (1) consolidated utility operations; (2) consolidated non-regulated operations; and (3) consolidated corporate financials.

(1) Distribution Operations:	At 9/30/20
Total Debt to Total Capitalization	41.3%
Funds from Operations Interest Coverage	5.1
Funds from Operations as a % of Total Debt	16.8%

The Distribution segment is primarily comprised of our regulated natural gas distribution and related sales operations in eight states.

(2) Pipeline and Storage Operations:	At 9/30/20
Total Debt to Total Capitalization	N/A (a)
Funds from Operations Interest Coverage	N/A (a)
Funds from Operations as a % of Total Debt	N/A (a)

The Pipeline and Storage segment is comprised primarily of the pipeline and storage operations of our Atmos Pipeline - Texas division and our pipeline and storage operations in Louisiana.

(a) Our Pipeline and Storage segment does not have separate debt obligations. The debt is held at the corporate level within our Distribution segment. Interest expense is allocated to the pipeline and storage segment for financial reporting purposes.

(3) Consolidated Operations:	At 9/30/20
Total Debt to Total Capitalization	41.3%
Funds from Operations Interest Coverage	6.7
Funds from Operations as a % of Total Debt	23.7%

Please note that our nonregulated Atmos Energy Marketing operations were sold in January 2017.
